

Word mat

active volcano	Arctic Basin	brood pouch	compaction
adaptation	Arctic Circle	camouflage	coniferous
altitude	Arctic Ocean	Captain James Cook	continent
amphibian	Arctic region	carbon dioxide	crevasse
animal kingdom	atmosphere	carbon footprint	culture
Antarctic Circle	base camp	carnivore	cyclone
Antarctic Circumpolar Current	bird	chordate	damage
Antarctic Peninsula	blizzard	classification	deforestation
Antarctica	blubber	classification key	desert
aquatic animal	boreal forest	climate change	desert zone
archipelago	breeding	commercial fishing	disastrous

distress signal	extinction	glacier	ice calving
dry valley	extreme weather	global warming	ice cap
Earth	fauna	greenhouse effect	ice field
ecosystem	fish	greenhouse gas emissions	ice sheet
environment	fjord	habitat	ice shelf
equator	flora	headwind	iceberg
equatorial zone	fossil fuel	herbivore	immigrant
Ernest Shackleton	freezing point	herding	income
evergreen	freshwater	hibernation	incubate
evolution	frostbite	hunting	indigenous
expedition	fur	hydropower	industry
exploration	glacial lake	hypothermia	inhospitable

Inuit	maritime	Northern Hemisphere	population
island	methane	nutrient	precipitation
journey	Midnight Sun	overcrowding	Prime Meridian
katabatic wind	migration	permafrost	protection
landmass	mining	phytoplankton	remote
landscape	modern	plateau	reptile
limitation	Mount Erebus	polar climate	rescue
line of latitude	natural reserve	polar day	research station
line of longitude	natural resource	polar night	RMS <i>Titanic</i>
mainland	nocturnal	polar region	Robert Falcon Scott
malnutrition	nomadic	polar zone	Ronald Amundsen
mammal	North Pole	pollution	salt water

scientist	Southern Ocean	topography	United Nations
sea ice	species	tourism	vegetation
sea level	specimen	traditional	voyage
season	steamship	tragedy	warning
semi-nomadic	survival	Transantarctic Mountains	whaling
settlement	temperate zone	Tropic of Cancer	whiteout
snow	temperature	Tropic of Capricorn	wilderness
South Pole	terrestrial animal	tropical zone	wildlife
Southern Hemisphere	thermal insulator	tundra
